Bhopal, Madhya Pradesh

PROFESSIONAL SUMMARY

Completed B.Tech in Computer Science Engineering (2022–2026) with 1.5+ years of experience in Full Stack MERN Development. Skilled in MongoDB, Express.js, React.js, Node.js, RESTful APIs, JWT Authentication, and responsive web application development. Passionate about building scalable and user-friendly applications.

TECHNICAL SKILLS

Frontend: React.js, Redux, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, RESTful APIs, MVC Architecture

Databases: MongoDB, Mongoose, MySQL

Authentication: JWT, bcrypt.js

Tools: Git, GitHub, Postman (API Testing), VS Code, NPM, Netlify, Render, Heroku

Languages: JavaScript, Java

INTERNSHIP EXPERIENCE

Backend Developer Intern – WebGrowtix (Sep 2024 – Dec 2024)

Worked on Node.js, Express.js, Login/Signup Authentication, JWT Authorization, bcrypt password hashing, REST API development, backend routing, and secure web application development.

PROFESSIONAL EXPERIENCE / PROJECTS

Food Delivery Application (Aug 2023–Jan 2024)

Live: <https://restro-foods-mern.netlify.app> | **GitHub:** <https://github.com/mohaimin37/restro-foods-mern>

- Built a scalable food delivery application using React.js with Context API and MERN backend services.
- Implemented JWT authentication with bcrypt.js encryption and developed admin CRUD dashboard.
- Deployed backend on Render and frontend on Netlify.

E-Commerce Application (Dec 2024–Jun 2025)

Live: <https://flip-e-commerce.netlify.app/> | **GitHub:** <https://github.com/mohaimin37/flip-ecommerce-mern>

- Designed and developed a full-stack e-commerce web application with authentication, product catalog, cart, and order management.
- Built and optimized RESTful APIs, improving backend efficiency by 18% and reducing database latency by 20%.
- Developed a responsive React.js + Redux frontend, improving page load performance by 25%.
- Implemented JWT-based authentication and deployed frontend on Netlify and backend on Heroku.

EDUCATION

Bachelor of Technology – Computer Science Engineering, IES University, Bhopal (2022–2026)

Final CGPA: 7.92

Intermediate (Class XII) – Langat Singh College (BSEB), Muzaffarpur, Bihar | 80.80%

Matriculation (Class X) – Oxford Public School (CBSE), Muzaffarpur, Bihar | 88.60%
